Workshops on “Migration and Mobility”, 10-12 June 2019

Summer Institute series on “Community and Change”

The Economics Department is organising two workshops on “Migration and Mobility: research findings, policy and impact” at the University of Glasgow in June 2019. The aim of the workshops is to bring together novel research on international and internal migration. The Research Workshop takes place on 10-11 June 2019, followed by a PhD Workshop on 12 June 2019. While participants may attend the individual workshops, we welcome anybody interested to stay for both events. This is the inaugural event of the annual University of Glasgow Summer Institute series on “Community and Change”, funded via the Principal’s Office and the “Behaviour, Structure & Interventions” interdisciplinary research network.

Keynote Speakers

Christian Dustmann (University College London)

Pia M. Orrenius (Vice President of Federal Reserve Bank of Dallas)

Giovanni Peri (University of California Davis)
